Re: Transmittal of Act 2 Notice of Intent to Remediate Publication & Notifications,  
Former York Naval Ordnance Plant,  
EFACTS No. PF 623248  
Harley-Davidson Motor Company Operations, Inc.  
York Vehicle Operations, 1425 Eden Road, York PA 17402

Dear Mr. Rathfon,

Science Applications International Corporation (SAIC) is providing this submittal on behalf of Harley-Davidson Motor Company Operations, Inc. (Harley-Davidson). The Pennsylvania Department of Environmental Protection (PADEP), Land Recycling Program was provided a copy of a Notice of Intent to Remediate (NIR) by Harley-Davidson during a meeting with you on February 7, 2005. Receipt of this NIR was published by PADEP in the Pennsylvania Bulletin (35 Pa. B. 1780, volume 35, No. 12) on March 19, 2005. Harley-Davidson hereby submits copies of letters to the local municipalities (along with signed certified mail return receipts) notifying them of Harley-Davidson's remediation plans, and proof of publication of the Notice of Intent to Remediate (NIR) in the local York newspapers (*The York Dispatch* and *York Daily Record*). The newspaper notice was published on March 24, 2005, and the 30-day public and municipal comment period ended on April 25, 2005. To date, there have been no known comments from Springettsbury Township or the public regarding these notices. A public involvement program was implemented in May 2004, and remains active for this site.

These items complete the administrative requirements of the NIR, in accordance with the provisions of Act 2 of 1995 and Chapter 250 issued under sections 104(a), 301(c) and 303(a) of the Land Recycling and Environmental Remediation Standards Act. Please confirm if you require any further information at this time. Harley-Davidson is looking forward to continuing to work with PADEP with this program. Please contact Sharon Fisher (Harley-Davidson) at 717-852-6544, or me if you have further questions.

Very Truly Yours,  
SCIENCE APPLICATIONS INTERNATIONAL CORPORATION

  
Stephen M. Snyder, P.G.  
Project Director

LEGAL NOTICE

Notice of Intent to Remediate to an Environmental Standard

Notice of Intent to Remediate to an Environmental Standard. (Sections 302(a)(1)(ii), 303(h)(1)(ii), 304(n)(1)(i), and 305(c)(1)) Pursuant to the Land Recycling and Environmental Remediation Standards Act (Act 2) of May 19, 1995, P.L. 4, No. 1995-2, notice is hereby given that Harley-Davidson Motor Company Operations, Inc. (Harley-Davidson) has submitted to the Pennsylvania Department of Environmental Protection (DEP) a Notice of Intent to Remediate the site located at 1425 Eden Road, Springettsbury Township, York County, York, PA 17402. This Notice of Intent to Remediate states that the site has been impacted from various manufacturing and industrial operations since 1941, and was owned by York Safe & Lock Company, the U.S. Navy as the former York Naval Ordnance Plant (YNOP), and American Machine & Foundry Company (AMF). Harley-Davidson discovered that the operations of the previous owners resulted in environmental impacts to the soil and groundwater on the property. Harley-Davidson has been working under the supervision of the DEP to investigate the extent and degree of the impacts since 1984. Since 1986 Harley-Davidson has undertaken many specific remediation or cleanup activities on the site. In June of 2002, Harley-Davidson volunteered to participate with the U.S. Environmental Protection Agency (EPA) in a Federal Facility Lead Agreement for remediation activities under the Resource Conservation and Recovery Act (RCRA).

Through these various investigations and program implementations, soil and groundwater within the site have been found to contain chlorinated solvents, including tetrachloroethene (PCE), trichloroethene (TCE), 1,1,1-trichloroethane (1,1,1-TCA) and degradation products of these volatile organic compounds (VOCs). Elevated concentrations of inorganic compounds (including chromium, lead, nickel, and cyanide), polycyclic aromatic hydrocarbons (PAHs) and polychlorinated biphenyls (PCBs) have also been found on the property. These compounds have impacted both soil and groundwater on the site. Harley-Davidson has indicated that final selection of remediation measures has not been completed, but will likely include use of site-specific standards for groundwater, and a combination of site-specific or statewide health standards for soils, depending upon the specific area of concern. Implementation of a site-wide Remedial Investigation (RI) is underway. The proposed future use of the property will be for commercial purposes including motorcycle fabrication and assembly operations. No residential use is contemplated.

Since Harley-Davidson may use the site-specific standard at the site, the Act provides for a 30-day public comment period for site-specific standard remediation. The 30-day comment period is initiated with the publication of this notice. Until April 25, 2005, Springettsbury Township may submit a request to Harley-Davidson to be involved in the development of the remediation and reuse plans for the site. Springettsbury Township may also submit a request to Harley-Davidson during this 30-day comment period to develop and implement a public involvement plan. Copies of these requests and of any comments should also be submitted to the Department of Environmental Protection at the South-central Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110-8200 (attn: Pamela Trowbridge). Call Sharon Fisher (Harley-Davidson) 717-852-6544 daytime.

THE YORK DISPATCH / YORK SUNDAY NEWS and YORK DAILY RECORD are the names of the daily newspapers of general circulation published continuously for more than the last six months by York Newspaper Company, at its principal place of business, which is 1891 Loucks Road, York, PA 17404.

Re: Notification of Act 2 Notice of Intent to Remediate,  
Former York Naval Ordnance Plant,  
Harley-Davidson Motor Company Operations, Inc.  
York Vehicle Operations, 1425 Eden Road, York PA 17402

Dear Mr. Dunlap,

The Pennsylvania Department of Environmental Protection (PADEP) Land Recycling and Environmental Remediation Standards Act (Act 2) requires that a Notice of Intent to Remediate (NIR) a site be provided to the municipality in which the site is located. Act 2 also provides that when a site is being remediated to a site-specific standard, the municipality is afforded a 30-day comment period. In accordance with this provision of Act 2, we are formally notifying you of our intent to remediate the subject site. A copy of the NIR, which has been sent to the Department of Environmental Protection (DEP), is enclosed. This notice will also be published in the Pennsylvania Bulletin, and a summary of the notice will be placed in a local newspaper.

Publication of this notice in a local newspaper initiates the 30-day public and municipal comment period. During this time, your municipality may request to become involved in the development of the remediation and reuse plans for the site. If the municipality wishes to become involved in this project, or should you have any questions or comments regarding the proposed remediation, please contact me at (717) 852-6544.

Very Truly Yours,  
**Harley-Davidson Motor Company Operations, Inc.**

Re: Notification of Act 2 Notice of Intent to Remediate,  
Former York Naval Ordnance Plant,  
Harley-Davidson Motor Company Operations, Inc.  
York Vehicle Operations, 1425 Eden Road, York PA 17402

Dear Mr. Holman:

The Pennsylvania Department of Environmental Protection (PADEP) Land Recycling and Environmental Remediation Standards Act (Act 2) requires that a Notice of Intent to Remediate (NIR) a site be provided to the municipality in which the site is located. Act 2 also provides that when a site is being remediated to a site-specific standard, the municipality is afforded a 30-day comment period. In accordance with this provision of Act 2, we are formally notifying you of our intent to remediate the subject site. A copy of the NIR, which has been sent to the Department of Environmental Protection (DEP), is enclosed. This notice will also be published in the Pennsylvania Bulletin, and a summary of the notice will be placed in a local newspaper.

Publication of this notice in a local newspaper initiates the 30-day public and municipal comment period. During this time, your municipality may request to become involved in the development of the remediation and reuse plans for the site. If the municipality wishes to become involved in this project, or should you have any questions or comments regarding the proposed remediation, please contact me at (717) 852-6544.

Very Truly Yours,  
**Harley-Davidson Motor Company Operations, Inc.**
