Thanks Griff. As discussed during the meeting on Friday, a revised version of the report will be prepared, incorporating responses to comments and the results of the South Property Boundary Area (SPBA) supplemental soil investigation.

Chris,

EPA has reviewed the responses to EPA's comments on the Supplemental GWRI (part 2) and concurs with the approaches outlined to address EPA's comments. Upon completion of the revisions and the SPBA soil investigation, EPA intends to issue a letter approving the Supplemental GWRI (part 2).

Thank you (and the rest of the fYNOP team) for your continued efforts in remediating the site,
Griff
